ADDENDUM 1

Replacement of Henry County Bridge 3-5.80

RE: Bid reference item 14, 603 Conduit, Type A, 706.051 Precast Reinforced Concrete Three Sided Flat Topped Culvert to Include all Footings and Wingwalls

1. Bidders may provide an alternate bridge bid, in addition to the current design. Any alternate bridge bid must be designed by an engineer licensed in the State of Ohio and designed to support HL-93 loading. The alternate must meet or exceed the same criteria contained in the specifications. Bidders must bid the original bridge design specified in the package if they submit an alternate. No alternates will be evaluated without an original design package bid. Evaluation of alternative design will be based on a number of criteria, including but not limited to cost, useful life, design and material. Replace page 11 of the bid proposal with the attached revised page 11.

End of addendum

Engineer: (419)592-2976

Mapping: (419)592-6375

Surveyor: (419)599-2327
